Attention: Contracting Officer

Subject: Task Order No. 03 (100,762) 65R
Basic Agreement 

STAT

Enclosure: a) Electrophotographic Processing Techniques
Final Report - Two (2) copies ASD R-3050
dated September 23, 1966

Gentlemen:

STAT

forwards

herewith enclosure a) representing Deliverable Item #3, Final Report
required under subject Task Order.

In accordance with contract requirements, three (3) additional copies
of the report are being mailed under separate cover to the Technical
Representative.

The original positive transparencies of frames number 46972 and 46890
from which the experimental replicas were made are contained in copy
number 1 of this report. Copies number 1 through 5 contain two copy
sets (three transparencies each) of the replication experiments. The
purpose of supplying these final specimens is to provide a means for
subjective analysis of tonal rendition in terms of ease of information
retrieval and the availability of scene information not previously
recognizable. Copy number 1 has been forwarded to the Technical
Representative.

Very truly yours,

Original Signed by

Contract Representative
